Stafford King Wiese Architects Awarded Location & Placement Study Project for County of Sacramento

Sacramento, California, February 2006 — Stafford King Wiese ARCHITECTS has been awarded the Location and Placement Study project for the County of Sacramento. The scope of the project consists of the taking inventory and assessing departments located in the central Sacramento Downtown area on immediate and long-range space requirements, preliminary cost estimates and facility development and phasing plans including sequencing of development that is anticipated to support the County services offered in the downtown area. This initial planning and location study will be used to test and measure the alignment of growth trends outlined in the current County Downtown Master Plan.
